I took hoth time and pains, feeling that only an instrument of the high-est musical qualities could plart her right in her musical career. After a thorough comparison I selected the Emerson. This Bell is Ringing For You

Bells were first used in the Fourth Century to call people to worship.

Great idea wasn't it?

Just look what it has grown to: We now have fire bells and cow bells dinner bells and sleigh bells, school bells and wedding bells, and some people have bells on their toes. But where is the Clothing Bell?

The only means of calling the attention of good men to good clothing is Grant Clothing Co's advertisement

If this advertisement could make a noise like a bell, it would go resounding into every corner of the country with this meaning: Nowhere in Uncle Sam's green grass patch; nowhere from the Atlantic to the Pacific; no where from Canada to the Gulf, can you approach
